

DEGREE AUDIT FORM – B.Sc. PROGRAM

The purpose of the degree audit process is to verify the completed and remaining requirements a student has for graduation. It is the responsibility of each student anticipating graduation to be sure that all graduation requirements are met. The student should download the form, complete it, and then schedule an appointment with the academic advisor to review the form.

Waivers and Substitutions

If you have had a degree requirement waived, or received approval that an elective course could be substituted for a core course, it is the student's responsibility to make sure that appropriate documentation about the waiver is on your student file.

Students will not be eligible to graduate until all degree requirements have been fulfilled and this degree audit is signed by either the Program Director or Program Advisor.

Minimum GPA Required for Graduation

Students must complete a minimum of one-hundred twenty (120) credit hours with a minimum cumulative Grade Point Average of 2.00.

Credit Deduction

Before graduation, credits will be deducted for the following:

- Unauthorized repeats
- Excess remedial credits
- Two equivalent courses for which credit is not granted for both courses

Bachelor of Computer Science Program Structure

Bachelor of Computer Science programs is composed of 40 courses: 10 General Education Courses (GEC), 6 Foundation Courses, 13 Core Courses, and 11 Elective Courses. Each course consists of 3 credit hours. Degree is earned by completing 90 credit hours of major courses and 30 credit hours of General Education Courses, for a total of 120 credit hours as shown below:
